

**2nd INTERNATIONAL CONFERENCE ON
CIVIL AND ENVIRONMENTAL ENGINEERING**

8 – 10 May 2017

DoubleTree by Hilton Hotel Avanos – Cappadocia, Nevşehir, Turkey

www.icocee.org

Conference E - Book

galaksi
Ticari ve Kurumsal

Important Dates

Events	Date
Submission Deadline of Extended Abstracts	April 15, 2017
Registration Deadline	April 15, 2017
Submission Deadline of Full Papers	April 15, 2017
The 2nd ICOCEE - Cappadocia Date	May 8 - 10, 2017

The 2nd ICOCEE – Cappadocia is a peer review conference.

Conference Topics

The 2nd ICOCEE - Cappadocia is an interdisciplinary scientific forum focusing on first Civil and Environmental Engineering for the presentation of technological advances and scientific research results in a wide spectrum. **The ICOCEE - Cappadocia** is soliciting state-of-the-art research papers in the following areas of interest:

Air Pollution & Control	Building Materials	Architectural Restoration
Noise Pollution & Control	Construction Management	Engineering Economics
Solid Waste Management	Construction Technologies	Engineering Law, Politics and Policy
Water Technologies	Digital Methods	Ecology
Wastewater Technologies	Geotechnical Engineering	Hydrobiology
Water & Soil Pollution	Hydraulic Engineering	Engineering Education
River Basin Management	Structural Engineering	Climate Change
Environmental Impact Analysis	Structural Mechanics	Renewable Energy Sources
City and Regional Planning	Transportation Engineering	Eco-Tourism
Recreation, Parks & Environment	Green Buildings	Geology, Geophysics and Mining

ICOCEE COMMITTEES

Chairs of ICOCEE

Assoc. Prof. Dr. Serkan ŞAHİNKAYA

Nevsehir Hacı Bektas Veli University, Turkey

Assist. Prof. Dr. Erkan KALIPCI

Nevsehir Hacı Bektas Veli University, Turkey

Scientific Committee

Prof. Dr Arzu CICEK

Anadolu University, Turkey

Prof. Dr. Ayfer ERKEN

Istanbul Technical University, Turkey

Prof. Dr. Aynur KAZAZ

Akdeniz University, Turkey

Prof. Dr. Baolin DENG

University of Missouri, USA

Prof. Dr. Bülent KESKİNLER

Gebze Institute of Technology, Turkey

Prof. Dr. Bülent TOPKAYA

Akdeniz University, Turkey

Prof. Dr. Cise UNLUER

Nanyang Technological University, Singapore

Prof. Dr. Derin ORHON

ENVIS Energy and Environmental Systems

Prof. Dr. Emine MALKOÇ

Ataturk University, Turkey

Prof. Dr. Feryal AKBAY

Ondokuz Mayıs University, Turkey

Prof. Dr. Feza KARAER

Uludag University, Turkey

Prof. Dr. Haydar OZTAS

Necmettin Erbakan University, Turkey

Prof. Dr. Ipek IMAMOGLU

ABSTRACT

Restaurants rank second in resource utilization and waste generation after accommodation businesses in the tourism industry. Therefore, restaurants are expected to adopt eco-friendly applications in the context of sustainability. In this context, restaurant managers are developing and implementing environmentally friendly policies. In this research, it is aimed to evaluate green applications within the scope of sustainability managed by restaurant managers in Göreme. In this context, in-depth interviews will be conducted through a semi-structured interview form and the data will be analyzed by descriptive and content analysis. By descriptive analyze the obtained data will be evaluated by organizing and expounding. By content analyze, the elements of the text will be coded with the computer program and by detecting the frequently repeated words, the research will be examined quantitatively.

Keywords: Green Applications, Restaurants, Sustainability, Goreme.
